

Chattanooga Guide for Guests

The Chattanooga Area and The Lingo

The Southside : This area has been recently revitalized and is now the go-to place the best night-life and restaurants.

The North Shore : Another very trendy area of town known best for local shopping, the famous walnut street bridge (aka the walking bridge), and Coolidge Park's views of the river city's skyline.

Downtown : The city center and nestled conveniently between the north shore and southside. You will find most of the area's best hotels downtown. You will also find some great shopping and dining at Warehouse Row.

East Brainerd : Home to Hamilton Place Mall and tons of restaurants, albeit not local ones. If you are in need of a last minute wardrobe option this will be your best bet.
